// **(Read gen 1:1-9)** from the beginning of time, God has been asking mankind “Where are you?” All throughout the Bible we see God making strides to become closer with man. To help direct Him, to prosper Him and bless Him. But it becomes clear that in order for man to receive, he must be present and willing. I believe that in our lives God sets up specific times where He intervenes to radically direct us into the destiny and purpose that He has for our lives. These moments are called prophetic moments. These are Moments in time where we catch a glimpse of the greatness of God, and what His plan is for our life. Sometimes these moments are spontaneous and spectacular, but mostly they are directly related to your choices of being in the right place at the right time.

1 Sam 3:1-19 Paraphrase the story of Samuel and Prophet Eli

Are you looking for the sensational, rather than the average. Samuel didn't recognize God because he sounded average when he assumed God would be sensational. Imagine had he not been there. Imagine if Samuel missed his prophetic moment. We probably wouldn't be talking about him today.

Each year in our youth ministry we set a side a time for God to intervene. A time devoted to Him for prophetic moments to happen in our lives. We call this time Accelerate. This year we call it Accelerate: Revolution Each of you has a choice. To attend or not attend.

Maybe you are waiting for a sign, or maybe you assume you cant come for various reasons.

- o I don't have the money.
- o I can't get off work.
- o I have previous plans
- o I'm on vacation

Whatever your reasons may be, I assure you when all is said and done, God will be asking you, “Where were you?”

- o Where were you when I had that blessing, Where were you when I had that word, Where were you when your prophetic moment arrived?
